

FFSVC20 Challenge Database License Agreement

Party A: Beijing Shell Shell Technology Co.,Ltd

Party B: _____.

INTRODUCTION

This FFSVC20 challenge database is part of the AISHELL Distributed Microphone Arrays in Smart Home (DMASH) Database. The recording devices include one close-talking microphone (48kHz, 16 bit), one cellphone (48kHz, 16 bit) at 25cm distance and multiple circular microphone arrays (16kHz, 16bit, 4 out of 16 microphones, 5cm radius). The language is Chinese Mandarin. Text content include ni hao, mi ya as text dependent utterances as well as other text independent ones.

RULES

1. Without Party A's authorization, Party B cannot modify, transfer, redistribute or sell the FFSVC20 challenge database.
2. Without Party A's authorization, Party B cannot use the FFSVC20 challenge database for any commercial purpose.
3. In any case, the FFSVC20 challenge database cannot be used in a way that may cause damages on human's health and personal privacy.
4. Party B agrees to the conditions of use specified herein. After signing this agreement, the authorized person from Party B will be provided with a personal link to download the FFSVC20 challenge database with necessary labelling files. Party B is allowed to use the FFSVC20 challenge database exclusively. Papers submitted that make use of this corpus further need to cite:

Xiaoyi Qin, Ming Li, Hui Bu, Wei Rao, Rohan Kumar Das, Haizhou Li, "The INTERSPEECH 2020 Far-Field Speaker Verification Challenge". Proc. Interspeech 2020.

5. The FFSVC20 challenge database is delivered without guarantee. No legal claims of any kind can be derived from accepting and using this corpus. The copyrights belong to Party A. Party A is not liable for any damage resulting from receiving, installing, or using the corpus or any other files provided by Party A in this context. Handing over the corpus or any other files which have been provided by Party A containing information derived from it (labelling files, etc.) by Party B to any third party may not be done without the expressed written consent of Party A.

Any models, derived from data containing the corpus may only be used for non-commercial scientific research applications.
